Transiting Chiron into natal Ninth House

Feb 8, 2015 to May 11, 2023, exact Feb 25, 2015

During this transit, lasting 2 - 8 years, and especially at the beginning of this period of time, you will experience difficulties with the broader aspects of your mental process, causing you to undergo a potentially painful period of re-examination and transformation and moving you toward a higher and more spiritual concept of life and your life's direction. During this transit, you may be upset with the way you have perceived the world up to this point in time. You may have trouble finding your own true direction in terms of a philosophy to live by. It may be that an inherited religious or philosophical concept no longer seems to fit your needs, or you could experience conflicts between your own and others' vision of life. If there were early woundings in this area from your childhood experiences, such as those in which you were asked to tag along with a religious or philosophical concept that was not truly your own, these issues could come up for you at this time. All this may focus your attention on your spiritual and philosophical values during this period. As these ideas germinate inside you, you may find within you the zeal of a convert to take on established systems or perhaps try to provide a more centered and earth-oriented banner to rally round. It may also be a time when your inner teacher emerges, formed out of your intuition which may ultimately be your connection with your own higher self. It is also possible that healing energy from other cultures may come into your life at this time. This can be a time of great wisdom and re-alignment toward the future, if you have the courage to follow your own truth absolutely, and never mind anything else that gets in the way.

Transiting Neptune in square with natal Neptune

Mar 27, 2015 to Sep 3, 2015, no date of exact

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

This transit profoundly affects your sense of spirituality, and your ideals. Feelings of confusion may also come up for you during this transit, while the square or opposition of transiting Neptune to its natal position is in effect. This transit usually comes at the time of the "mid-life" crisis, around age 42 or so, or else at age 84, when another period of revision and renewal of your life's energies is in effect. You are also probably living out the transiting opposition of Uranus to its natal place at this time, another powerful indicator of fundamental change. At this time, you are in the process of far-reaching re-evaluations. It can be a confusing time, as cherished illusions, which may be the very motivating factors by which you live, come tumbling down and a new basis for re-imagining the fundamental concepts of your life must be found. Your imagination is very active now, for Neptune is the planet of image and illusion. You must be sure to weigh carefully the unsettling concepts that come up for you at this time, for although they speak a new truth to you, they may also exaggerate either the up side or the down side during this period. It is better to wait out the growing maturity of these new concepts, rather than acting rashly in being quick to make massive changes in your life at this time.

You may also feel very restless during this period of time, and ready to shuck off conventional roles that society has laid out for you. Conflict with authority or parental figures is also possible. You may experience a powerful urge to break free of a dominating influence, in order to strike out individually and more fully inhabit your own unique identity. Personal freedom is just as important as conventionality on the agenda of your higher self, and of this you may be constantly reminded during this period.

Transiting Chiron in square with natal Mercury

May 1, 2015 to Aug 18, 2015, no date of exact

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.

You are experiencing painful realizations around the issues of communication and your mental abilities in general. Your communication with others is changing at this time, and you may have difficulties in this area, as old issues from the past return to haunt you, or you have to deal with siblings or your friends in a way that seems less easy and more fraught with pain and uncertainty. It may be that your very mind seems less than reliable at this time, and you may even feel yourself in danger of mental collapse, as new ideas and ways of thinking challenge you to the core of your current belief system. You may also have a powerful urge to communicate at this time, since that is one way to externalize your suffering and make it more real and available to others. It can be a great impetus to artistic expression to have the world coming down in chaos all around you. Ultimately the higher purpose of these challenges is for you to come to terms with a new way of thinking and being in the world, one that throws off the shackles of previous conceptions and launches itself forward, willy nilly, into a brave new cosmos of your own making. It is in this way that you can come through, and heal some of the old issues that have previously plagued you. When you do, you may also be able to share this more holistic vision with your community so that you can have a healing influence on others around you as well.

Those hindering development in the direction of your goals may be discarded, or else new relationships may come into being during the course of a powerful transit to the Midheaven. This period of time is highly significant for you. It is a time when many factors in your life could radically alter. The force of Pluto, symbolizing the process of decay and change, death and re-birth, results in significant life changes. These changes can be quite difficult, since most of us tend to cling to our older and more established ways of being, and resist the pressure of the new with all our might. But the changes being forced upon you at this time are inevitable, and perhaps necessary for your growth as a human being. Sometimes these life changes will manifest more on an internal level, and sometimes outer events may bring them, such as a death in your immediate family, or some other radical alteration of your circumstances. These events unfold over time. Often, too, a strong Pluto transit means confronting parts of yourself that you would rather not face, and you may be tempted to evade this encounter. But running away from the battle will not help, for eventually you must admit the dark unknown and integrate it with your conscious self, if you are to move towards wholeness and peace of mind.
